

Create a plan to meet your family’s goals:

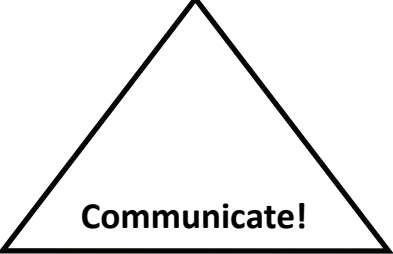

- Valuing Sustainable Practices
- Conservation Financing
- Farm Transitions Portal farmtransitions.org

Pull together financial information

- Talk with a financial planner about current & future possibilities
- Talk to an attorney about legal methods to accomplish your goals
- Visit with a Farm Transitions coach or advisor

- Where will the new farmers live?
- Where will you live?
- What assets does the beginning farmer have?
- How will you transition management?
- What conservation practices will be included in your plan?
- How much \$ will you need?
- Is there enough to support 2 families?
- How will you help the new farmers?
- What’s the exit strategy in case things don’t work out?
