

Do You Need a License?

First - Are You "Selling" Food?

In Minnesota, "sell" or "sale" means any time food changes hands in any way:

Minnesota Statute 34.01: Sell; sale: "Sell" and "sale" mean keeping, offering, or exposing for sale, use, transporting, transferring, negotiating, soliciting, or exchanging food; having in possession with intent to sell, use, transport, negotiate, solicit, or exchange food; storing, manufacturing, producing, processing, packing, and holding of food for sale; dispensing or giving food; or supplying or applying food in the conduct of any food operation or carrying food in aid of traffic in food whether done or permitted in person or through others.
